

LYING-IN: The Journal of Reproductive Medicine

Subject Index, Volume 1, 1968

- Biopsy, via peritoneoscopy, ovarian, 436
- Book Reviews
 - Cancer in Pregnancy, 513
 - Gynäkologische Cytologie, 366
 - Gynecologic Pathology, 514
- Bone, development under the influence of an antiestrogenic compound, spontaneous reversibility of fetal pathologic, 397
- Clinicopathologic conference, a, 297
- Colposcopy, in modern gynecologic practice, what is the place of, 17
- Computer, system for the monitoring of intensive care obstetric patients, a, 275
- Contraceptive, device upon endometrial exfoliative cytology, effect of intrauterine, 583
- Cytology, from the urinary sample, 483
- DeLee, as I remember him, Joseph Bolivar, 33
- Diets, and tumor inhibition, essential amino acid restricted, 461
- Dysplasia, and intraepithelial carcinoma of the uterine cervix, epithelial, 117
- Education, in reproductive medicine. The internship and residency, graduate, 439
- Estrogen, administration in menopause, 221
- Family, planning service in a voluntary hospital, 449
- Fetal, growth, abnormal, 27
- Kidneys, in infants and adults, difference in polycystic, 589
- Lactation, on maternal behavior in mice with comparative data on humans, effect of, 257
- Microbiology, of the female reproductive tract as determined in the cytologic specimen. I. Influence of gonadal hormones, 603
- Ovulation, methods of determination, 181
- Papanicolaou, classifications obsolete, are the, 543
- Placental
 - circulation. An attempt at a redefinition of the utero-placental vascular relationship in the Rhesus monkey and man, the fetal maternal, 161
 - villi in the first trimester, growth of the, 377
- Population, limitation in cross cultural perspective. I. Patterns of contraception, 343
- Prediction, including a set of twins, prenatal sex, 578
- Protein, analysis of secretions of the female genital tract, 61
- Radiation, on the fetus, the effects of, 367
- Scalp, sampling in assessing "fetal distress," what is the role of, 325
- Shock, following septic abortion resulting in generalized Schwartzman reaction, endotoxic, 407
- Uterus, didelphys: Two patients with pregnancy alternating in each hemiuterus, 571
- Vacuum, curettage for incomplete abortion, clinical and pathologic evaluation of uterine, 187 (erratum, 263)
- Vaginitis, intensive topical therapy, trichomonal, 503
